When installed correctly, Prodigy, with insulating foam underlayment, can help meet the performance guidelines of an ENERGY STAR® qualified new home.

---

**EXTREME CONDITIONS**

Prodigy’s durable surface and contoured underlayment stand up strong to impact from wind-blown objects, pounding hailstorms and other elements.

Prodigy’s industry-best insulation of up to 1½” thickness* delivers outstanding R-value performance that can help reduce heating and cooling costs.

The high-performance finish beautifully resists scratching and abrasions from everyday wear and tear.

Prodigy is designed to stay securely fastened, with no tearing or rattling, even in extreme winds.

The engineered vinyl surface is guaranteed to resist fading for a generation.

The vinyl surface and secure seams repel the worst downpours, and the insulating layer “breathes” to resist water retention.

*Nominal.
Prodigy. Inspiringly beautiful. Amazingly energy-efficient.

When you are building or remodeling your home, there are many decisions to make. Thanks to new technologies that blend intelligent design with exceptionally beautiful features, your best choice of siding is an easy one. For enduring looks and enduring performance, there’s no choice but Prodigy. Let your vision shine through.

Prodigy. The door to our home. The door to our heart. The door to our soul with just one knock. Reveal the beauty. Reveal the warmth. Wrapped in panels of memories built in time. Capturing memories. Playing them back. Songs of times past and inspiration of times to start. Home is more than a dwelling. It is what you impart.
Imagine that you could keep every corner of your home at the perfect temperature year-round. And yet save money. That’s the Prodigy ComfortFactor.

Prodigy’s energy efficient design delivers outstanding energy efficiency, thanks to the exceptional R-value (resistance to heat flow) – up to 1 1/2” thick insulation* for exceptional thermal performance. This high-density insulation combines with a beautiful and robust cedargrain vinyl panel, creating the ideal exterior for your home. The special features of the interlocking siding system together achieve enhanced R-value for year-round energy savings and comfort, yet allow Prodigy to breathe freely to resist water retention.

Home is where your values are realized, not compromised.

The uncompromising approach of our engineers and designers means Prodigy is a realization of your values, from any perspective. From a flawless appearance and unsurpassed insulation that can increase the value of your home, to true maintenance freedom, reduced energy bills and a worry-free warranty that complements your lifestyle, Prodigy is the embodiment of what you value.

Prodigy is a statement of conscience.

Designed to be both maintenance-free and environmentally friendly, Prodigy does not require painting, sealing, staining, cleaning or treating with chemicals that can be toxic or harmful. Over the life of a home, treating or maintaining traditional wood siding with these products can have a cumulative and potentially detrimental impact on your family and the environment that you may not be aware of. And because Prodigy is made of synthetic and abundant resources, you are not contributing to the depletion of our forest ecosystems. Prodigy’s highly durable and weather-tight construction also ensures a long-service life with outstanding thermal protection for your home—further reducing the consumption of fossil fuels for heating and cooling for years to come.

PRODIGY: WHERE COMFORT MEETS PERFORMANCE.

Superior insulation thickness means your home is quieter, too.

With Prodigy’s strength, integrity and thick insulation you are likely to notice a significant reduction in outside noise, especially in high winds, heavy downpours and hailstorms. Just another way Prodigy helps to create an atmosphere of serenity and security in your home.

Sustainable solutions for a better world.

Choosing eco-friendly products is not just a trend, it’s a proactive way of life that helps preserve our natural resources and protect our planet. At Alside, we believe that incorporating thoughtful green practices into everything we do creates a feel-good ambiance that becomes contagious to those around us. From responsible material selection and manufacturing processes to extensive recycling programs, we promote sustainability and environmental stewardship to further reduce our global footprint.

With a Perm Rate of 5, Prodigy resists water retention that can lead to mold or mildew. Like today’s high performance fabrics, the insulation layer breathes freely so moisture can be wicked away, not trapped inside.
SEE AND FEEL
THE DIFFERENCE.

ENERGY EFFICIENCY

Prodigy ComfortFactor
A Comfortable Home Year-Round.
Prodigy delivers outstanding all-weather protection and can reduce your energy costs. Thanks to the exceptional R-value of its industry-leading thermal barrier—up to 1½" thick insulation,* the Prodigy ESP Series available in a one-piece insulated siding system.

ThermoSphere™
Energy Gap Protection
With innovative features like RigidLock and TrueForm™ combined with a full line of insulated trim and accessories, Prodigy creates a blanket of insulation around your home.

ENGINEERED PERFORMANCE

RigidLock
True Interlocking Panel Design
Prodigy’s innovative interlocking panel design provides a tight, secure connection between stacked panels. This ensures your siding will be securely locked in, have straight tight, secure connection between stacked panels. This ensures a secure installation.

MonoWall™ Integrity
Structurally Independent Wall System
Structural integrity and rigidly interlocking panels mean Prodigy stands tall on its own. The siding that stands on its own will stand up to almost anything.

INSPIRED BEAUTY

TrueCourse™
The Look of Hand-Installed Boards.
Designed and expertly manufactured to capture the look of traditional plank siding. Available in double 6”, single 4” and single 3” profiles.

Extended Length
More Panel, Less Seams
39” longer than standard 12’ panel, the 16’6” Extended Length panel design provides fewer installation overlaps for a straightforward, cleaner exterior finish.

TrueWood™ Look
Crisp, Clean and Sable.
We draw our inspiration from nature and designed Prodigy with a keen sense of it. The look and feel of Prodigy is an important statement of credibility and taste. Crisp, clean and subtle, the appearance of finely milled wood attracts admiration without seeking attention. The understated look is timeless and genuine.

CONTEMPORARY COLOR COLLECTION

GIVE YOUR HOME PERSONALITY WITH PRODIGY’S DYNAMIC COLOR PALETTE AND DETAILED ACCESSORIES.

Traditional corner is no match for the Prodigy’s unique siding system. Prodigy provides exceptional protection against energy loss and the deterioration and fading caused by extreme weather. Prodigy’s system features an inner core of the thickest, high-density EPS insulation with a durable and beautiful outer layer—creating an enchanted system that delivers remarkable strength and beauty. Prodigy’s innovative interlocking panel design can achieve a seamless, color layered with a beautiful finish that lasts.

TrueForm™
Traditional vinyl siding is no match for the Prodigy’s unique siding system. Prodigy provides exceptional protection against energy loss and the deterioration and fading caused by extreme weather. Prodigy’s system features an inner core of the thickest, high-density EPS insulation with a durable and beautiful outer layer—creating an enchanted system that delivers remarkable strength and beauty. Prodigy’s innovative interlocking panel design can achieve a seamless finish that lasts.

Our deeper, richer colors not only offer expanded design choices with exciting visual appeal, they also deliver an exceptionally premium finish, thanks to our ChromaTrue fade-defying technology. Each eye-catching color is remarkably fade-resistant, beautiful and tough.

Perhaps best of all, maintenance is a breeze; just rinse occasionally with a garden hose to maintain the freshly painted appearance.

From sublime Natural Linen to bold Autumn Red, color is the essential palette of expression. And with Prodigy’s 21 versatile colors of timeless subtlety and luxurious, low-gloss finish, all of us can find the color within.
